

DISCUSSION TABLE

NEW TENDENCY

Ø 1600 × 670 + 100 mm

Ø 1600 × Ø 1600 mm

DISCUSSION is a table for work, meeting, storage and presentation. With a direct reference to Donald Judd, minimal design and high-quality materials, serial production and flexible function combine in this product. As a 'round table', coming together at DISCUSSION can take place free from hierarchy – not just in the office but also in the kitchen. The circular table top with the integrated dual function of storage, already in Judd's reference, and the removable legs offer efficiency in form, function and logistics.

DISCUSSION, 2015, Markus Miessen commissioned by NEW TENDENCY
Oiled compact laminate, Ø 1600 × 770 mm
