350 × 450 mm

1400 × 350 mm

MASA BENCH is a bench suitable for the office or home. The positioning of the signature forked legs provide maximized functionality – easily dismantled, the base can be perfectly stacked, stocked and removed. Suitable for any chosen seat the steel bench frame is available in various custom sizes and colors. The base's sleek silhouette and minimal details demonstrate the limits of simplifying material and design. A matte finish in sand and earth tones refines the seating surface which consists of an innovative Nanotech HPL.
